

ENVIRONMENTAL POLICY

At TURKCELL GLOBAL BILGI, as part of the Environmental Management System and pursuant to our environmental objectives including all relevant parties, our Environmental Policy is as follows:

- Protect the environment and reduce the consumption of natural resources through effective use,
- Mitigate the impact of our operations on the environment and health by preventing environmental pollution,
- Leave a more habitable environment to future generations as part of our social responsibilities,
- Raise awareness about the environment among all employees from the senior management to the lowest units to encourage them to take active part in environmentally-conscious works with an environmental sense of responsibility,
- Detect environmental risks at the source while performing activities and ensure continuous improvement of the system to fulfill legislative compliance obligations and increase environmental performance.
